

EXPECTATIONS OF A CREW LEADER

As a Crew Leader, you are taking a role of responsibility and leadership.

There is a reason why we are here - to teach God's word to our young people.

VBS is an opportunity for you to practice your leadership skills in a fun and friendly environment.

You are expected to support the Station Leaders in guiding your crew and facilitating discussion as instructed.

You should not drop your crew off at a station and linger somewhere else.

You should not make phone calls or text others during VBS.
